

## FEDERATED GARDEN CLUBS OF NYS, INC.

Victoria Bellias, President

### VIRTUAL SPEAKERS LIST

Programs available for clubs to present at Virtual Club Meetings during the COVID Pause of in person meetings.

Meeting selections will be updated as they are submitted. Check the [fgcnys.com](http://fgcnys.com) website under the Directory tab, password is bloom

Information for FGCNYS Board & Club Members  
Victoria Bellias, President  
292 Washington Avenue Ext., Suite 104, Albany, NY 12203-6385

*Dear Club Members,*

*We hope that your club will enjoy using this new Virtual Speakers' List to add quality programs to your virtual meetings. Club members have volunteered to participate, and we thank them! FGCNYS has subscribed to a teleconference call and a Zoom service. These programs are available to your clubs either free of charge or with a small fee payable to the county cooperative extension for programs sponsored by Master Gardeners. Please contact the office for an appointment for your club. We are happy to help you get started.*

*Stay Safe and enjoy, Vikki Bellias*

FGCNYS Teleconference call information

\*\*\* Benefit of membership for all chairmen, districts and clubs. Please contact Linda Zell at the office to register your teleconference call. She is keeping a log so that each group may have its own time slot, contact [fgcnys@verizon.net](mailto:fgcnys@verizon.net) to register your meeting.

For Chairmen: The Dial-in-Number is (515) 604-9099  
You will then be asked to enter this Meeting ID number 506-777-957 followed by the # key.  
Host Chairmen: to set up the conference call the PIN # is: 4731

For meeting attendees: The Dial-in-Number is (515) 604-9099  
You will then be asked to enter this Meeting ID number 506-777-957 followed by the # key.

At this point, you will be connected. Give your name and say "Hello". This will allow the chairman to keep attendance. You may call from any phone. Therefore, if you are on vacation or not able to call from your residence; use any available phone, including your cell. It is really a very simple and effective way to have a meeting.

## Zoom meetings

A benefit of membership is the ability to host Zoom meetings. This can allow your Garden Club to hold a virtual meeting. Members can connect via smart phone, tablet, laptop, computer or phone. You can continue to enjoy most of the same things you love about meeting regularly. Change could be good? Imagine your next meeting when you can show your favorite garden plant virtually with the whole club?

To schedule a meeting contact Linda at the office: [fgcnys@verizon.net](mailto:fgcnys@verizon.net) or 518-869-6311.  
To ensure space for all clubs, the meetings should be 2 hours or less.

If you have a member who is comfortable with technology, it would be good to have them available to help other members.

Assign a Zoom host to run the meeting - good practice to have someone other than the officers if possible. Each member will need to download the Zoom app and create an id. <https://zoom.us/signup>  
After that, all you need is the date and time of meeting, meeting ID and Password!

This is an example below of a sample meeting invitation:

Federated Garden Clubs of NYS, Inc is inviting you to a scheduled Zoom meeting.

Meeting ID: 676 555 4667

Password: Rose

Topic: Federated Garden Clubs of NYS, Inc's Zoom Meeting

Time: Apr 16, 2020 10:00 AM Eastern Time (US and Canada)

## Speaker Offering Zoom Programs During COVID-19 Shutdown

**Name: Anthony R. Antes**

**Address: 545 Conklin Forks Road, Conklin, NY 13748-1631**

**Phone: 607-775-3831**

**Email: [aantes@stny.rr.com](mailto:aantes@stny.rr.com)**

1. **Bulbs, Corms, and Tubers** – Which is which?
2. **Caladiums Fantastic Foliage!** – Let us put some amazing color in the shady part of your garden. And, it lasts all season long.
3. **Climate Change in NY State** - What does the future hold for NY State related to Climate Change? In 2050? In 2100? Are we responsible?
4. **Creating a Butterfly Garden** - Would you like to see more butterflies in your garden? Some basic guidelines through step-by-step pictures, with some pre-planning on your part, can achieve just that.
5. **Cutler Bird Garden** - Plants, trees, and shrubs that make Cutler Botanic Garden's Native Habitat Area "bird friendly".
6. **Grasses - Good!** - Ornamental grasses belong in everyone's garden! Deer-proof, low maintenance, and virtually pest-free, not to mention beautiful.
7. **Growing Miniature Violets** - Beautiful leaves and blooms in a small space. Easy care, too.
8. **Growing Scented Geraniums** - Lemon, rose, chocolate and more fragrances from the foliage. Hardy as well.
9. **Hostas** - Lurking in the Shadows A wide variety of foliage size and color for that shady corner in your garden.
10. **House Plants** - Enjoy gardening in the comfort of your home, 365 days a year.
11. **Intelligent Plants** - Can plants think? Can they hear? Feel? Organize. Some fascinating research is attempting to answer exactly these questions.
12. **Perennial Gardening** - Gardens that return year after year, in a bewildering variety of size, color, and beauty.
13. **Plant Diseases** - Some really ugly stuff is ready to threaten the very existence of your garden unless you remain ever vigilant.
14. **Putting Your Garden to Bed** - The best thing you can do for a beautiful spring and summer garden next year is to properly put it to bed in the fall.
15. **Shade Gardening** - A wide variety of perennial plants, in both size and color, for that shady area in your yard.
16. **Starting a Perennial Garden** - Convert some of that green turf into a beautiful garden that will be the envy of your neighbors.
17. **Taxonomy** - Learn to understand the correct scientific names for plants and what they mean.
18. **Tomatoes/Peppers/Onions/Garlic** - Grow the four most desirable veggies in your garden.
19. **Unusual Perennials** - Tired of the "same old" in perennials? Plant and enjoy something different.
20. **Who's that "Shady Lady"?** - Ferns are the best plants to fill in that shady corner in your perennial garden.

## Speaker Anthony R. Antes – continued

### 21. Non-Gardening presentations:

- a. **Kayaking in the Adirondacks** – Trips, flora, and fauna.
- b. **Japanese Woodblock Prints** – Their history, how are they made, and great examples from one of their Masters.
- c. **Monumental Brasses of England** – How the English in the Mediaeval (and later) periods honored their ancestors.

Times vary. Most can be adjusted to suit the venue. Minimum would be 30 – 35 minutes; maximum 75 minutes.

Someone other than me would act as host. They will mute all participants. Questions would be asked as text to the host. I will, periodically, stop and ask for questions. The host reads them to me one-by-one, and I answer.

Our Master Gardener program indicated that there is no “admission”, but a donation of \$2.00 Per Attendee is considered satisfactory. It should be made payable to Broome County CCE
